## Piha Beach upgrade of dog bylaw signage feedback form

The Piha Beach dog bylaw is complex and requires an overall map in key positions to show the changes in control requirements of dogs, throughout the entire site. It is proposed that these will link to poles positioned on the edge of the dunes. A signage standard has been designed for use in the Auckland area as follows:

The overall map signs are 400mm x 600mm mounted on a post, whilst the pole signs are 250mm x 1200mm rough sawn pine timber with a coloured logo reset into the pole at a size of 215mm x 260mm.

What do you think of the proposed dog bylaw signage?

Please provide comments on the work proposed work:

### Overall Map Signage

These signs are indicated in **purple** on the map.

Do you support the **number** of signs proposed to be installed in the **carparks**?

Comments:

Do you support  
the proposed  
work ?

Yes No

Do you support the **position** of signs proposed to be installed in the **carparks**?

Yes No

Comments:
